## Children's Camps

Children's camp is all about swimming in the cool waters of Stuart Lake, playing sports in the field, fun activities, crafts, skits, and making friends. The fun and affirming supervisors, faith centred programs, and awesome beauty of Camp Morice all come together to make it the best week of your summer!

## Tween Camp

This follows the same format as a children's camp, but is geared to the interests and energy level of older campers.

## Cana Camp

In today's hectic world, CANA Camp strives to slow us down and get in touch with God, our families and our neighbours in a faith community. Each day, families gather to celebrate Eucharist.

During the morning, parents gather to discuss concerns common to Catholic families while the children participate in activities supervised by CANA Staff. In the evening we share a common spiritual or entertainment activity. Afternoons are free to enjoy the beach or go on a family hike. This is a great relaxing time for families to do their own thing. Children are an integral part of a week at CANA and experiences are often very memorable for them. The week is relatively unstructured; the atmosphere is relaxing with opportunity to spend time with the family, visit with new friends, and enjoy summer fun – swim in the lake, sit around evening campfires and utilize surrounding nature trails, including those on Mt. Pope in the Fort St. James area.

## Sponsorship

Camp Morice believes that all children and youth should be able to experience time at camp. If you need help with all or part of the camp fees, please complete a Camp Fee Assistance Form, available on our website ([www.campmorice.com](http://www.campmorice.com)). We will contact you. All information will be kept confidential.

## Teen Camps

Teen Camp is all about fun and friendship. This summer, experience a week of impossible missions, energized activities, hanging with friends, making crafts, and chilling on the beach. In this week of faith, friends and fun, learn more about yourself, your friends and God through supervisor talks, chapel, deep discussions, and prayer.

## Leadership Camps

This follows the same format as a teen camp, but is geared toward older campers. It also includes a leadership component, and training sessions for those who will be working as volunteer supervisors in other camps. Those interested in being supervisors also need to fill in supervisor application forms, available at the camp website. All campers pay for leadership camp.
