

INSTRUCTIONS FOR BI-WEEKLY LEARNING MODULE #1 GROUP SESSIONS

Steps to prepare for Group Sessions:

- 1) Check your email for LEARNING MODULE directions, homework, small group questions and video. Download the video awhile before your meeting (rather than livestream it) using the 540p option. It will be more reliable for your meeting time, in case your internet is bad.
- 2) Set up video and audio in the space you will be meeting in.
 - a. Use a large screen T.V. or a Projector Screen.
 - b. Use a supplemental sound system if group is large (hearing well is essential)
 - c. If you need help achieving this, call Angelo at the OEC well before first night.
- 3) Test audio/video long before the event, so that you have time to fix any problems.
- 4) Make photocopies of homework for all attending and small group questions for leaders.
- 5) Make sure you have space for the whole group gathered and small groups as well.
- 6) Consider having coffee and water available or other refreshments as hospitality.
