## **Diocesan Offices and DRC Relocating February 19, 2019**

---

Bishop Stephen Jensen announced today that the Diocese of Prince George has accepted an offer to purchase the property on Southridge Avenue currently occupied by the Diocesan Pastoral Centre and the Domano Renewal Centre. The offer, which is subject to a number of conditions from the diocese and the purchaser, will take several months to complete.

After 17 years in its “temporary” location, the diocese will move its offices to leased space and then complete a process of planning to build a new facility for offices, conference and retreat space. The diocese owns properties in the city which would be suitable sites. We want to be good stewards of our financial resources to provide the right facilities to serve our evangelizing mission for decades to come.

There are many questions about how this future will unfold. We are only at the start of a lengthy process and further information will be shared as it becomes available.
