Winter/Spring
2026

This Edition will focus on

1. Upcoming Events
2. BC/World News
3. Links to recent articles of interest
4. Life Chain 2025
5. Membership

PRESIDENT'S REPORT

Joan, our President is away for two months, but there are two developments coming up in January and February that should be reported now. The first is the upcoming movie by Abby Johnson's ATTWN ministries called UNTHINKABLE which comes out in local theatres in February. Abby is anticipating a lot of pushback from Canadian theatres because the movie is about what former workers for Planned Parenthood actually experienced while working there. This includes seeing how Planned Parenthood promotes the gender affirming surgeries and sex education programs like SOGI in the public schools in North America because this ultimately leads to more abortions and more profits.

The other development is that BC Life Network, our BC provincial organization has just hired Lisa Barnett, production manager for Abby Johnson's UNTHINKSABLE movie, to do social media for us. Paper just doesn't work any more for doing prolife public education. I am interested in this because once our provincial group has a proper social media footprint, then our local Prince George group can upgrade their social media and increase their number of followers. Lisa's first day is January 1, 2026 and we are all excited to have found each other. As you know, I worked in a facility that did abortions and had to hide abortion numbers. When I tried to promote Abby Johnson and other groups like Campaign Life locally I got so much pushback and apathy from both sides that it was obvious that a more focused, social media campaign was required. - Richard Mansfield, secretary.
